CORRESPONDENCE
9/5/2017
DOCUMENT NO. 07504-2017

DEAR COMMISSION CLERK,

LET US DO SOME MATH. THE AVERAGE HOME IN FERNANDINA BEACH, FL. 32034 CONSUMES MORE THAN 1000 KW PER MONTH, SO THE INCREASE YOU ARE REQUESTING IS GREATER THAN \$3.20.

FLORIDA IS GROWING FERNANDINA BEACH HAS OVER 10 NEW HOUSING DEVELOPMENTS UNDER CONSTRUCTION CURRENTLY WITH 75-100 HOMES PER DEVELOPMENT. THE REQUESTED INCREASE IS REALLY GREATER THAN \$6.00 OR 3,000,000.⁰⁰

WHAT IS THE FUTURE BENEFIT FOR THE EXISTING HOME OWNER? WHAT IS THE GAIN? LESS OUTAGES LESS POWER SURGES, LESS POWER INTERRUPTIONS? NOT LIKELY.

WHY IS THE LOYAL EXISTING CUSTOMER PAYING FOR THE FPU TO GROW. BUSINESSES THAT GROW SHOULD PROSPER ISN'T THAT A GROWTH PLAN? WHY IS THE CONSUMER FLOATING A POWER COMPANY FINANCIALLY TO GET LESS AND PAY MORE.

REGARDS,
Gregory Busicchio
