Comments : I have lived in Snug Harbor since 2008. We have a fairly wooded neighborhood with aerial lines. FPL has never come in to clear their equipment in the easements. Last year we had no power for a week and this year 5 days. Trees were toppled on lines that could have been trimmed before storms. In addition we have tried unsuccessfully to get our lines buried at our expense and have been rebuffed by FPL . Why are we paying a storm charge and a non fuel charge?
