

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Dan Ruehl

Electric Utility Provider : EC911 - Sumter Electric Cooperative, Inc.

Zip Code : 32163

Category : Other

Comments : Never lost power! Information both prior and after the storm was excellent. Timely information including maps to show when power would be restored post Hurricane let everyone know how system restoration was progressing were the best I have seen (moved here after living in many States prior to Florida). I have worked with a group that was responsible for power management at a Federal facility working through several Hurricanes. As a bit of an insider, I know what the crews and management went through to keep us on line and restore those who lost power while keeping a steady stream of updates going. Couldn't have done better on all accounts! I was glad we were with SECO during this event and will fight anyone who tries to move our service.
