

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Patty Cruzalvarez

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33175

Category : Power restoration time

Comments : We are lucky we didn't get the worst of the storm. The amount of time that it took to restore power was too long. My powerlines are underground so tree damage could not be the cause of me losing power. FP&L makes a significant returns on their stockholders but does not fully invest in hurricane preparedness as it should.
