

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Donald Denis

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33304

Category : Other

Comments : In response to FPL's request for monthly increase to cover hurricane repair costs:

A monthly surcharge to increase the return on investments to FPL's shareholders is unacceptable. If you agree to grant FPL the surcharge then do so with the expectation that 90% of the local power lines in South Florida be placed underground no later than the end of 2020. If by the end of 2020 this goal is not attained, every customer will be reimbursed the full surcharge amount paid to date as of 12/31/2020. I'm sick of the PSC giving FPL everything they ask for with nothing in return for the people you actually work for.
