

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Robert Havey

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33410

Category : Other

Comments : Rate hike do to Hurricane.

I would like to know what or if any business gets to charge more for service if you have a bad month or have a hurricane? As a business owner, why don't I get to do this to my customers? Wait I can, but they will leave and find someone else, but I can not do that with FPL and also I am also not supposed to use my solar power after a storm either! I hope you stand for the people and do not allow them to apply a rate hike! FPL, NextEra's principal subsidiary, reported net income of \$515 million in 2016! Lewis Hay, Executive chairman, NextEra Energy: \$33,002,755 not a bad year for him and his company struggling to recover from Hurricane loss.
