Re: docket # 20170007

Re: Should customers pay \$200 million to clean up Turkey Point?? ABSOLUTELY NO!!!!!!

Sirs:

I know FPL is a shareholder company, issues stock and pays dividends. Therefore, they should pay for the clean up to Turkey Point with their own money, out of their own packet. FPL has known since 1978 that the canals were creating a hyper-saline plume that was polluting the Biscayne Aquifer, my drinking water here in the Keys. That is the right thing to do for any company.

Do not expect me, who pays dearly for FPL/FKEC electricity here in the Keys, to bail FPL shareholders out.

Sincerely,

Constance D. Miller
