CONSUMER COMMENTS	
A Water Softener, a Main Break on Maxim, an Office building, and Electronic water meters are the reason for the requested rate increase. None of which was requested by the customers. My electronic meter is covered with ants and there is no visible meter indication the way it is covered making it impossible to monitor for a possible system leak by me the home owner.	
Again no preventive maintenance program. Just respond to problems when they become too big to hide and of course the customer will pay for it.	
It is respectfully requested that you the Public Service Commission do the right thing and help us here in Wedgefield by denying the requested rate increase.	
Thank you for the opportunity to comment,
