

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Merry Sánchez

Electric Utility Provider : EI801 - Duke Energy

Zip Code : 33777

Category : Information provided by electric utility provider after the storm

Comments : Duke's proposal is unacceptable. They were illlprepared for hurricane Irma and left the country with our power for ten days. Please do not approve this request. Only the people will be punished. It's time duke take responsibility for their actions. The surcharge is absurd.
