

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval to transfer Martin-Riviera Lateral Pipeline to Florida Southeast Connection and implement associated rate adjustments, by Florida Power & Light Company.

DOCKET NO. 20170231-EI
ORDER NO. PSC-2018-0016-CFO-EI
ISSUED: January 5, 2018

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST
FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 10368-2017)

On December 6, 2017, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information provided in response to Commission staff's First Data Request Nos. 4 and 5 (Document No. 10368-2017).

Request for Confidential Classification

FPL contends that the information provided in response to Commission staff's First Data Request Nos. 4 and 5 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained.

The response to Commission staff's First Data Request No. 4 consists of the net customer costs of transferring the Martin Riviera Lateral Pipeline to the Florida Southeast Connection (FSC) on a nominal and present value basis for calendar year 2041. The response to Commission staff's First Data Request No. 5 consists of a summary CPVRR analysis of the Martin-Riviera Lateral Pipeline showing FPL revenue requirements, tariff payments to FSC and net customer savings/costs by year for the period 2018 to 2057. FPL contends that this analysis contains negotiated demand charges for the purchase of natural gas transportation from FSC and other contractual terms that if disclosed could impair FSC's ability to negotiate with third parties for the highest possible price for FSC's transportation services. Further, FPL contends that these responses contain contract terms and prices that if made public would impair the efforts of FPL, or its affiliates, to contract for similar goods and services on the most favorable terms from third parties. Therefore, FPL argues that these responses are protected pursuant to Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has

not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning contractual data and competitive interests, the disclosure of which would impair the efforts of FPL to negotiate the lowest price for natural gas transportation or impair the competitive business of FPL and FSC. Thus, the information identified in Document No. 10368-2017, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order unless good cause is shown that protection from disclosure shall be for a specified longer period. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 10368-2017 is granted. It is further

ORDERED that the information in Document No. 10368-2017, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 5th day
of January, 2018.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
