

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Robert Parkinson

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33312

Category : Information provided by electric utility provider prior to the storm

Comments : I requested for neighbors tree to be trimmed out of High Power Top Line, multiple times throughout year after falling burn line became a problem. Kids visiting during rainstorm would show me the sparking wire/tree limb contact. It took 3 years before addressed during "periodic grid maintenance".

Poor Grid Maintenance is why I will go to solar.
