

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Jonathan Hartman

Electric Utility Provider : E1802 - Florida Power & Light Company

Zip Code : 33069

Category : Other

Comments : Hurricane Irma showed again how undependable the power grid is when a big storm hits. I have heard stories about families and businesses that were able to use solar and batteries to generate power after the storm. To me this seems like the smart way forward. I think the utilities like FPL need to invest in more solar and batteries near our neighborhoods.
