Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name :

Electric Utility Provider : EM858 - Gainesville Regional Utilities/City of Gainesville

Zip Code : 32607

Category : Power restoration time

Comments : would be helpful if we were able to use solar and battery backup to power our houses and businesses when the power from the grid is down. I had no power for four days even though it was sunny and my solar panels were making electricity. Need to remove the control the utilities have over how I use and produce my own electricity.
