

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Dominick Porretto

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33064

Category : Other

Comments : Lithium ion battery back up systems, with a Solar array can help the State of Florida, Nursing homes, ALF's, Hospitals, all commercial property and businesses and Home owner's. In an emergency electrical outage with instentaous power to critical loads. You can even have a hybrid system with a small generator to charge the batteries in extended use.

The time has come to seize the moment and the PCS to show some back bone and stand up to the states utilities. And utilize the State of Florida Solar and Electrical contractors industry to install these systems. Time has come today for the PCS to break the bonds of the obstructionist, utilities and building Dept. That show such contept for state of Florida Solar and Electrical contractors.
