

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Mary Babineau

Electric Utility Provider : EI801 - Duke Energy

Zip Code : 33703

Category : Power restoration time

Comments : Our power was out for 5 days during Irma, & goes out often for shorter periods every few weeks.

Part of the problem seems to be that Duke has not properly trimmed tree limbs from the lines.

Increase in use of solar power would definitely increase efficiency, & also decrease the use of dirty coal, being far better for the environment.
