FILED 2/19/2018
DOCUMENT NO. 01491-2018
FPSC - COMMISSION CLERK

February 16, 2018

To:

Florida Public Service Commission Staff

Re: Docket No. 20170215-EU - Review of electric utility hurricane preparedness and restoration actions. (Staff's Third Data Request)

To Whom It May Concern:

Central Florida Electric Cooperative, Inc. with this document is responding to the Commission staff's third data request.

Please contact me at mcampbell@cfec.com or at (352) 493-2511 or Ben Dawson, COO at bdawson@cfec.com or at (352) 493-2511 for any questions.

Sincerely,

Ben Dawson
COO

Cc: Michelle Hershel, FECA

1. Please provide the following information for a specific example where storm hardened structures incurred damage and required repair or replacement due to Hurricane Irma.

Central Florida Electric Cooperative did not have any storm hardened structures that incurred damage or required repair or replacement.

a. A description of the damage incurred (i.e. broken pole, displaced underground vault, etc.).

N/A

b. A description of the repair process, including a description of any temporary repairs that required a follow-up trip.

N/A

c. A description of the repair process if the facilities had not been hardened.

N/A
