

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Janice Kobi

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 34203

Category : Other

Comments : I support the use and implementation of solar power. Overall, as Florida residents, we have a great opportunity to benefit from this renewable and sustainable energy source. Be proactive using cutting edge technology. When our state is more at risk to destructive storms, solar offers faster and more dependable turnaround energy capability. Let's get on board with other countries utilizing solar. Take the lead not just follow. It's what people want.
