

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Thomas Rossetos

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 32086

Category : Other

Comments : I'd love to see electric companies ceasing their posture of treating solar owners like competitive enemies. If I dare to get over 10 kw, I'm told that my rate will be the same as commercial, which is triple or quadrupedal. And they should allow some mechanism that allows for solar cells to supply power to the home when company electricity is cut off.
