

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Marcia Bailey

Electric Utility Provider : EI801 - Duke Energy

Zip Code : 34698

Category : Power restoration time

Comments : Our electrical power was out for just a couple of days after Hurricane Irma. I think the public utilities would be able to do better if there were storage batteries that could be available after such a storm. Also I really favor using solar power. Duke Energy produces energy in a way that hurts the environment, and I hate that.
