Dear Senator Mayfield:

On behalf of the entire Public Service Commission, thank you for your letter regarding the issues before us related to the proposed sale of Vero Beach's electric utility.

We appreciate that you took the time to give us a review of the history behind the proposal, how the affected customers have experienced the existing situation, and your insights about the PSC staff recommendation. I have forwarded your letter to the docket file so all the Commissioners can consider it.

On a personal note, I would like to commend you for the singular effort and persistence you have invested in this issue on behalf of the electric utility customers you represent.

Sincerely,
