Lake Wales Fl

And 453 Waterway Dr

We are in agreement that a rate increase is needed but the rate increases seem to be one sided. Westgate has added glamping, tee pees, and use their campground to the max at times. There can be as many as 300 people in Westgates Campground area in a single weekend at least a couple times a year. These people add to the water demand for Westgate. Not sure if this has been taken into consideration in calculations of rate increases. They have buss tours, they have weddings, special events. The rodeo on Saturday nights bring more guests that use the facility.

Thank you for listening.
