Website Address: faster.io

(c) Where will you officially designate as your place of publicly publishing your schedule (a/k/a tariffs or price lists)?

Florida Public Service Commission

Website – *Website address:*

Other – *Please provide address:* **500 Green Road, Deerfield, FL 33064**

15. List the states in which the applicant:

(a) has operated as a telecommunications company.

None

(b) has applications pending to be certificated as a telecommunications company.

None

(c) is certificated to operate as a telecommunications company.

None

(d) has been denied authority to operate as a telecommunications company and the circumstances involved.

None

(e) has had regulatory penalties imposed for violations of telecommunications statutes and the circumstances involved.

None

(f) has been involved in civil court proceedings with another telecommunications entity, and the circumstances involved.

None

16. Have any of the officers, directors, or any of the ten largest stockholders previously been:

(a) adjudged bankrupt, mentally incompetent (and not had his or her competency restored), or found guilty of any felony or of any crime, or whether such actions may result from pending proceedings. Yes No

If yes, provide explanation.

(b) granted or denied a certificate in the State of Florida (this includes active and canceled certificates). Yes No

If yes, provide explanation and list the certificate holder and certificate number.

(c) an officer, director, partner or stockholder in any other Florida certificated or registered telephone company. Yes No

If yes, give name of company and relationship. If no longer associated with company, give reason why not.

17. Submit the following:

(a) **Managerial capability**: resumes of employees/officers of the company that would indicate sufficient managerial experiences of each. Please explain if a resume represents an individual that is not employed with the company and provide proof that the individual authorizes the use of the resume.

See Exhibit A hereto.

(b) **Technical capability**: resumes of employees/officers of the company that would indicate sufficient technical experiences or indicate what company has been contracted to conduct technical maintenance. Please explain if a resume represents an individual that is not employed with the company and provide proof that the individual authorizes the use of the resume.

See Exhibit A hereto.

(c) **Financial Capability**: applicant's audited financial statements for the most recent three (3) years. If the applicant does not have audited financial statements, it shall so be stated. Unaudited financial statements should be signed by the applicant's chief executive officer and chief financial officer affirming that the financial statements are true and correct and should include:

1. the balance sheet,
2. income statement, and
3. statement of retained earnings.

Note: *It is the applicant's burden to demonstrate that it possesses adequate managerial capability, technical capability, and financial capability. Additional supporting information can be supplied at the discretion of the applicant.*

See Exhibit B hereto.

THIS PAGE MUST BE COMPLETED AND SIGNED

REGULATORY ASSESSMENT FEE: I understand that all telephone companies must pay a regulatory assessment fee. Regardless of the gross operating revenue of a company, a minimum annual assessment fee, as defined by the Commission, is required.

RECEIPT AND UNDERSTANDING OF RULES: I acknowledge receipt and understanding of the Florida Public Service Commission's rules and orders relating to the provisioning of telecommunications company service in Florida.

APPLICANT ACKNOWLEDGEMENT: By my signature below, I, the undersigned officer, attest to the accuracy of the information contained in this application and attached documents and that the applicant has the technical expertise, managerial ability, and financial capability to provide telecommunications company service in the State of Florida. I have read the foregoing and declare that, to the best of my knowledge and belief, the information is true and correct. I attest that I have the authority to sign on behalf of my company and agree to comply, now and in the future, with all applicable Commission rules and orders.

Further, I am aware that, pursuant to Chapter 837.06, Florida Statutes, "**Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 and s. 775.083.**"

I understand that any false statements can result in being denied a certificate of authority in Florida.

PROFESSIONAL EXPERIENCE

SECNAP NETWORK SECURITY Fort Lauderdale, FL
Board Member / Consultant

JULY 2017 – PRESENT

- Re-negotiated datacenter space and IP agreements reducing business spend by 35% and increasing and gaining additional resources/ redundancy.
- Negotiated new corporate office lease/ IP circuit and setup networking services.
- Board liaison to CTO.
- Implemented **Dev/Test/QA/Production environments** for testing code and product production lifecycle.
- Migrated failover VMware environment from Tampa to new hardware configuration in Atlanta.

BIZNESSHOSTING, INC., Deerfield, FL
Systems Architect & Project Team Lead

MAY 2016 – PRESENT

- Team lead Architect for combining Vault & Biznesshosting **IPv4 & IPv6 networks** into 1 platform and migration of services into Volico Datacenter. Consisted of bringing both networks to single OSPF Area, re-designing OSPF cost paths, migrate all routers to single AS BGP configurations. Spent a great deal of time, securing device's network services via ACL and **VRF**, centralizing authentication using Radius, onboarding devices to local out of band network, ensuring console servers are connected to processing line cards, etc.
- Responsible for obtaining new BGP Peers on **NOTA AND FL-IX peering exchange** which have resulted in **25% of traffic running over free peering links** greatly reducing network transit costs.
- Re-engineered Vault & Biznesshosting dark fiber network for added redundancy and reduce costs where networks overlapped. Implemented DWDM MUXes with pre & post amps for added capacity on dark fiber links.
- Lead initiative to re-design internal network among all datacenters utilizing DWDM channel extending internal network to all locations and increasing reliability for out of band system management. Added Fortinet Firewalls at 3 head ends (Miami, Fort Lauderdale and Atlanta) for external access and redundant access to network.
- Rebuilt customer's ISP network with over **2,000 MDU clients**. Previous network was private ips on mainly Mikrotik equipment. Swapped out 50+ Mikrotik devices for Cisco, assigned public ips pools for each building. Designed network using eBGP and OSPF throughout network to route traffic. In total, there are **17 Cisco CMTS 7k/10k** running approx. **1000 cable modems, 20+ Cisco 4948's** as customer access switches and **13+ 5G/24G WiMax** links from core properties. Transport from datacenter is point-to-multi-point eVPN over 3rd party fiber to core buildings and WiMax or fiber to neighboring buildings. Network is now fully monitored for outages, and no longer having regularly unscheduled broadcast storms. Client reports **substantial drop in truck rolls to customer sites**. Serve in ongoing network maintenance capacity for client and new project consultant.
- Maintain VMware cluster consisting of **12 hypervisors, 2x SANs and Nexus switches**. Production cluster contains over 100 production VMs. Second cluster runs on separate SAN with guest servers containing Veeam, R1oft, Unitrends backup services.
- Re-tooled Anti-DDOS system from Vault installation to cover all uplinks on new network. Located weak points of initial install and added additional sensors, adjusted **RTBH announcements deployment strategy** to ensure higher probability of reaching carriers. Network has not suffered DDOS effecting outage in 12+ months.
- As a technologist, provide **business solutions via new technologies integration / software automation**.
- IT technical/technology advisor, providing skilled professional services, assuring **high availability and total customer satisfaction**.
- Activities include: **proactive** account management, reactive call handling, **project management, business-focused technical solutions design and deployment** on-site support.

President

- Principal owner of company for more than 13 years with service portfolio consisting of dedicated server, colocation, Ip Transit and cloud services business. Successful liquidity event to Biznesshosting, Inc. in February 2016.
- Provided services to hundreds of customers on 6 continents around the world.
- Responsible for planning growth strategies and budgeting all aspects of sales, marketing and technical dollars.
- Maintained many partnerships with companies, most notably Dell with over \$1MM spend.
- Successfully built private datacenter in 2006 for services which was in-use for 10 years. During time, it was our responsibility to maintain maintenance contracts for HVAC systems and UPS systems.
- Negotiated many vendor contracts for IP Transit/Transport, Office space, datacenter space and power. Most notably over **1500sq ft of datacenter space from Colohouse, Inc in 2008** to serve as 2nd colocation location when banks where not lending to expand existing center.
- Served as Team lead in designing floor plan of new center, floor power loads, PDU selection and integration within Ubersmith systems.
- Managed 24x7 NOC support service staff and triaged escalated issues.
- Stood up one of the first **Miami based cloud services based on OnApp**. System consisted of Dell hypervisors, Extreme Networks switches and **40TB Nexenta thin provisions storage** for back end.
- **High Availability** Architecture Administrator: **SAN** Architecture Implementation/Administration.
- Maintained Ubersmith billing and provisioning systems as primary system to track company's revenues, resources and support ticketing services.
- Built and maintained Support Lab to facilitate training technical staff on all aspects of production systems. Also to serve as developers **Dev/Test/QA/Production environments**. Was able spin up support documentation faster, locate **400% more bugs** in QA than prior process resulting in more stable releases.

HARDWARE / SOFTWARE

- Experience with **SuSE** and **RedHat** (Linux distros).
- **UNIX Systems expert**: HP-UX 9000 systems series 300/400/700/800/N-Class/L-Class/V-Class/**SuperDome** (h/w and s/w) **HP-UX 9.X, 10.20, 11.0, 11i. AIX 5.X, 6.1.**
- Expert on **LVM, NFS (automounter), NIS, DNS, SVR4** spooling environments, HP's High Availability **MC/ServiceGuard, SAMBA CIFS/9000** (UNIX-<->NT interoperability), HP's **XP** Disk Array (**SAN**), **Korn-shell, Bourne-shell, Perl.**
- Four years experience with **UNIX System V**, programming in C.

Jennifer Uruski

Professional Profile

Jennifer Uruski (CFO) provides both operational and programmatic support to the organization. Jennifer supervises the finance unit and is the chief financial spokesperson for the organization.
