Comments:

Please continue to block or cancel the sale of Vero Beach Electric to Florida Power and Light. No company can pay that much and get so little without charging ALL their customers higher rates. Simple business. The next question is why Vero Beach would sell such a valuable asset - if it makes money for FP&L it will make money for the City - without that

revenue I will be paying higher taxes because it is for sure there will be no budget cuts. This is the goose that laid the golden egg. Please block and deny the sale of Vero Beach Electric to FP&L. Many thanks.
