**STAFF'S SECOND DATA REQUEST
VIA EMAIL & US MAIL**

Re: Docket No. 20170174-SU - Application for transfer of assets of exempt utility, amendment of Certificate No. 465-S, and petition for partial variance or waiver of Rule 25-30.030(5)(b), F.A.C. by Utilities, Inc. of Florida.

Dear Mr. Friedman:

By this letter, the Commission staff requests that Utilities, Inc. of Florida (UIF or Utility) provide responses to the following data requests. Please submit the following information to the Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Blvd., Tallahassee, FL 32399-0850, by October 1, 2018.

1. Please refer to UIF's response to Staff's First Interrogatory, Question 3(b). In its response UIF states that "...it is evident that the wastewater facilities built in Barrington Estates are very similar to many of UIF's wastewater systems in terms of construction materials and methods, soil conditions, treatment plant design and configuration, duplex pump lift station design and the unit costs associated with this project." Please provide a list of Wastewater Treatment Plants (WWTP) that UIF believes are comparable to the Barrington Estates' system.
 - a. For these comparable systems, please provide documentation (e.g. invoices) for the original cost of the WWTP.
 - b. For these comparable systems, using the Handy-Whitman Index, please provide a cost comparison that brings the costs in line for these systems WWTPs with the 2007 costs for the Barrington Estates WWTP.

Martin S. Friedman, Esq.
