**To:** Records Clerk; Office of Commissioner Fay  
**Subject:** Blackwell Dispute Account #0695053520

Around the end of May, early June 2018, I moved to the property located at 8390 SW 72<sup>nd</sup> Avenue, Apt 710, Miami, Florida 33143. Here, I begin service with Florida Power and Light ("FPL"). My unit is around 1,200 square feet and only two bedrooms, however, the electric bill is double any of my previous rates for any location I have ever resided in the state of Florida. There is concern that meter tampering or some other type of improper practice is occurring causing me to incur unreasonable fess. I am disputing the validity of electric bills, requesting an extension until the dispute has been resolved, and seeking a complete investigation into the unreasonable bills from FPL. At this time, I have been overcharged as much as \$900 over the previous months. If I do not receive reimbursement for these charges by Friday, November 2, 2018, I will file a complaint with the PSC for unfair backbilling, meter tampering, unreasonable billing rates and charges, and meter tampering against FPL.

You may contact by way of this email, my office, or my cell phone at 786-510-1266

Thank you,
