Subject: Citizen - Vero Beach Dockets 20170235-EI and 20170236-EU

PUBLIC RECORD - OCTOBER 29, 2018

Florida Public Service Commission

Vero Beach Docket Nos. 20170235-EI and 20170236-EU

The current city council members and city manager of the City of Vero Beach, Board of County Commissioners, County of Indian River and Indian River County Chamber of Commerce deceived the public about the referendum in the last few years. The truth is: lack of the referendum on the current Asset Purchase and Sales Agreement, the voters of the City of Vero Beach never ever voted to sell Vero Electric to Florida Power and Light (FPL) at any price and terms.

The local media: Press Journal and Vero Beach 32963/Vero News have been withholding the information about FPL's plans of upcoming multiple rate increases, surcharges and more increase(s) and surcharge(s). The leading news organizations across the state, the Miami Herald, Fort Lauderdale Sun-Sentinel, Palm Beach Post, Tampa Bay Times and the Naples Daily News have all reported on FPL's plans to seek a base rate increase of some 24 percent.

Again, lack of the referendum on the current Asset Purchase and Sales Agreement with the FPL, the voters of the City of Vero Beach has never ever voted to sell Vero Electric to FPL at any price and terms.

FPL discouraged holding a referendum on the asset purchase and sale agreement. "This is not a decision you want to leave to Joe Sixpack,"

FPL External Affairs Manager Amy Brunjes to Mark Schumann, editor of 'IndianRiverGuardian.com' local news magazine.

Again, Amy Brunjes took pictures of and mocked Deaf protestor in the front of the city hall. The lone Deaf protestor picketed in behalf of Deaf Americans, people with disabilities, and relatives of deceased military veterans? We asked FPL to fix the issues, but they ignored us while spend so much money on city elections - buying candidates and council members of the city council of Vero Beach in exchange for vote to sell Vero Electric to FPL without public referendum.

The public deserves to know the whole truth about this.

Why the Florida Public Service Commission does not provide closed captioning on video coverage of the hearings? That is a disservice to Deaf and Hard of Hearing citizens.

Sincerely,

/s/ Michael Moran
