DOCKET NO. 20180007-EI
ORDER NO. PSC-2018-0525-CFO-EI
ISSUED: November 2, 2018

ORDER GRANTING FLORIDA POWER AND LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 04305-2018 AND X-REF 03969-2018)

On June 20, 2018, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power and Light Company (FPL) filed a Request for Confidential Classification (Request) of Materials Provided Pursuant to Audit No. 2018-036-4-1 (Document Nos. 04305-2018 and X-Ref 04305-2018). This Request was filed in Docket No. 20180007-EI.

Request for Confidential Classification

FPL contends that information in Materials Provided Pursuant to Audit No. 2018-036-4-1, as more specifically described in Exhibit C attached to its Request, constitutes proprietary and confidential business information entitled to protection under Section 366.093(3), F.S. and Rule 25-22.006 F.A.C. Exhibit C is a justification table containing an identification of the information highlighted in Exhibit A by page and line, and a brief description of the confidential information. FPL asserts that this information is intended to be and is treated by the Company as private, and has not been publically disclosed.

FPL contends that the highlighted information in Exhibit A consists of proprietary confidential business information within the meaning of Section 366.093(3), F.S. FPL alleges that this information concerns bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms. FPL additionally states that the highlighted information contains information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Given these facts, FPL argues that this material is protected by Sections 366.093(3)(d), and 366.093(3)(e), F.S. FPL requests confidential classification of this information for a period of three years.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms, and employee personnel information unrelated to compensation, duties, qualifications, or responsibilities. Thus, the information identified in Document Nos. 04305-2018 and X-Ref 03969-2018 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. At the conclusion of the 36-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark as Prehearing Officer, that Florida Power and Light Company's Request for Confidential Classification of Document Nos. 04305-2018 and X-Ref 03969-2018 is granted. It is further

ORDERED that the information in Document Nos. 04305-2018 and X-Ref 03969-2018, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. At the conclusion of the 36-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power and Light Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, on this 2nd day of November, 2018.
