Good afternoon, Cayce,

Per our conversation, we are making the change to the docket title to reflect the full name of the company as shown in MCD (TL720).

Thank you for your help.

Dorothy

Subject: Docket 20180213-TL; DN 07149-2018

Good morning, Brandon,

I'm reviewing the new docket that was set up on Friday, 11/16/18. I am confirming that we have added Florida Inland Navigation District (FIND) as a party of record (since they are the ones that filed the complaint and that automatically makes them a party of record), rather than an interested person (which was reflected on the request to establish docket).

Can please confirm whether we should include the full name of the utility for TL720 (BellSouth Telecommunications, LLC d/b/a AT&T Florida d/b/a AT&T Southeast) rather than just "AT&T," in the docket title?

Thank you for your help,

Dorothy
