Re: Petition of Lake Idlewild Utility Company for Limited Alternative Rate Increase pursuant to Rule No. 25-30.457, Florida Administrative Code

Dear Commission Clerk,

Lake Idlewild Utility Company's (Lake Idlewild or Utility) hereby submits its application for a Limited Alternative Rate Increase pursuant to Rule No. 25-30.457, Florida Administrative Code (F.A.C.) in Lake County.

In support of its petition thereof, Lake Idlewild states the following:

Pursuant to Rule 25-30.457, F.A.C., as an alternative to a rate case, a Class C utility may petition the Commission for a limited alternative rate increase of up to 20 percent of service revenues. This rule was designed to streamline the rate increase process for qualifying small water or wastewater companies, by establishing an abbreviated procedure for a limited rate increase that is less time consuming and thus less costly for the utilities, customers, and Commission staff. This rule is similar to the rules governing price index and pass-through increases, in that an engineering or financial audit of the utility's books and records is not required.

The rule was adopted by the Commission on March 15, 2005. The Commission has previously approved such petitions twice in the following Orders:

<u>Order No.</u>	<u>Issued</u>	<u>Utility</u>
PSC-06-0822-PAA-WU	October 6, 2006	Pinecrest Ranches, Inc.
PSC-06-0444-PAA-WU	May 22, 2006	Brendenwood Water System, Inc.

Rule 25-30.457, F.A.C.

Lake Idlewild provides the following criteria for consideration:

- 1) Utility is eligible for staff assistance,
- 2) Utility's books and records are organized consistent with Rule 25-30.110, F.A. C.,
- 3) Utility has on file with the Commission its Annual Reports,
- 4) Utility has paid all applicable regulatory assessment fees,
