

FLORIDA PUBLIC SERVICE COMMISSION

Item 9

VOTE SHEET

December 11, 2018

FILED 12/11/2018
DOCUMENT NO. 07472-2018
FPSC - COMMISSION CLERK

Docket No. 20180007-EI – Environmental cost recovery clause.

Issue 1: What are the final environmental cost recovery true-up amounts for the period January 2017 through December 2017?

Recommendation: The final true-up amount for the period January 2017 through December 2017 for FPL is an over recovery of \$31,560,081. There should be no adjustment to this amount associated with the TPCCMP Project.

APPROVED

DISSENTING

REMARKS/DISSENTING COMMENTS:

(Continued from previous page)

Issue 2: What are the estimated/actual environmental cost recovery true-up amounts for the period January 2018 through December 2018?

Recommendation: The actual/estimated true-up amount for the period January 2018 through December 2018 for FPL is an under-recovery of \$5,614,420. There should be no adjustment to this amount associated with the TPCCMP Project.

APPROVED

Issue 3: What are the projected environmental cost recovery amounts for the period January 2019 through December 2019?

Recommendation: The projected amount for the period January 2019 through December 2019 for FPL is a total of \$187,365,910, which includes projected expenditures associated with the TPCCMP Project.

APPROVED

Issue 4: What are the environmental cost recovery amounts, including true-up amounts, for the period January 2019 through December 2019?

Recommendation: The projected amount, including true-ups, for the period January 2019 through December 2019 for FPL is a total of \$161,536,472 to be recovered from ratepayers, which includes projected expenditures associated with the TPCCMP Project.

APPROVED

(Continued from previous page)

Issue 7: What are the appropriate environmental cost recovery factors for the period January 2019 through December 2019 for each rate group?

Recommendation: If the Commission approves staff's recommendation in Issue 4, staff recommends approval of FPL's factors as shown in FPL witness Deaton's Exhibit RBD-4. If the Commission denies staff's recommendation in Issue 4, FPL should file revised factors and associated tariffs implementing the Commission vote for administrative approval by staff.

APPROVED

Issue 10A: Should the Commission approve FPL's Petition for Approval of Modification to Manatee Temporary Heating System Project and the recovery of the associated costs through the ECRC pursuant to Section 366.8255, F.S.?

Recommendation: Yes. The Commission should approve FPL's petition and be allowed to recover costs associated with its proposed modification to the MTHS Project as it addresses an environmental requirement triggered after the Company's last rate case. Reasonable costs associated with the project should be allowed to be recovered through the ECRC.

APPROVED

Issue 10B: Should the Commission approve FPL's Petition for Approval of Modification to National Pollution Discharge Elimination System Permit Renewal Requirement Project and the recovery of the associated costs through the ECRC pursuant to Section 366.8255, F.S.?

Recommendation: No. The proposed modification to the NPDES Project does not meet the threshold requirement of being necessary to comply with environmental regulations as required by Section 366.8255, F.S. Therefore, the Commission should deny recovery of costs through the ECRC at this time.
