Docket No. 20150216-EI

Dated: December 18, 2018

**DUKE ENERGY FLORIDA LLC'S  
SECOND REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION**

Duke Energy Florida, LLC, ("DEF" or "Company"), pursuant to Section 366.093, Florida Statutes ("F.S.") and Rule 25-22.006, Florida Administrative Code ("F.A.C."), submits this Second Request for Extension of Confidential Classification of certain information contained in Staff's Audit Workpapers, *Audit Control No. PA-15-01-003* pertaining to its Review of DEF's Data Accuracy in Electric Reliability Reporting. In support of this Request, DEF states:

1. On July 15, 2015, DEF filed its Request for Confidential Classification for certain information contained in Staff's Audit Work papers, *Audit Control No. PA-15-01-003* (document no. 04418-15<sup>1</sup>) as it contains confidential proprietary business information. DEF's Request was granted by Order No. PSC-2015-0551-CFO-EI on December 2, 2016.

2. On May 19, 2017, DEF filed its First Request for Extension of Confidential Classification. DEF's First Request for extension was granted by Order No. PSC-2017-0238-CFO-EI, on June 21, 2017. The period of confidential treatment granted by the Order will expire on December 21, 2018. The information granted confidential treatment by Order Nos. PSC-2015-0551-CFO-EI and PSC-2017-0238-CFO-EI continue to warrant treatment as "proprietary

confidential business information” within the meaning of Section 366.093(3), F.S. Accordingly, DEF is filing its Second Request for Extension of Confidential Classification.

3. DEF submits that certain documents and information contained in Staff’s Audit Workpapers, *Audit Control No. PA-15-01-003*, specifically pages 122, 178, 181, 186, and 188 referenced in confidential Exhibit A to the July 15, 2015 Request, continues to be “proprietary confidential business information” within the meaning of section 366.093(3), F.A. and continues to require confidential classification. *See* Affidavit of Brian Lloyd at ¶ 4 attached as Revised Exhibit “D”. This information is intended to be and is treated as confidential by the Company. The information has not been disclosed to the public. Pursuant to section 366.093(1), F.S., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the Public Records Act. *See* Affidavit of Brian Lloyd ¶ 5.

4. Nothing has changed since the issuance of Order Nos. PSC-2015-0551-CFO-EI and PSC-2017-0238-CFO-EI to render the information stale or public such that continued confidential treatment would not be appropriate. Upon a finding by the Commission that this information continues to be “proprietary confidential business information,” it should continue to be treated as such for an additional period of at least 18 months, and should be returned to DEF as soon as the information is no longer necessary for the Commission to conduct its business. *See* §366.093(4), F.S.

WHEREFORE, for the foregoing reasons, DEF respectfully requests that this Request for Extension of Confidential Classification be granted.

Respectfully submitted this 18<sup>th</sup> day of December, 2018.

Reporting.

Docket No. 20150216-EI

Dated: December 18, 2018

**AFFIDAVIT OF BRIAN LLOYD IN SUPPORT OF  
DUKE ENERGY FLORIDA'S SECOND REQUEST FOR  
EXTENSION OF CONFIDENTIAL CLASSIFICATION**

STATE OF FLORIDA

COUNTY OF ORANGE

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Brian Lloyd, who being first duly sworn, on oath deposes and says that:

1. My name is Brian Lloyd. I am over the age of 18 years old and I have been authorized by Duke Energy Florida (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Second Request for Extension of Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Manager of PQR & I Engineering in the PQR & I Planning Department. This section is responsible for the capacity planning, power quality, reliability and integrity of the distribution system for DEF.

3. As the Manager of PQR & I Engineering, I am responsible, along with the other members of the section, for the management of the distribution assets, the planning

and execution of the annual Distribution investment plan, and the compilation of the annual distribution service reliability report for DEF.

4. DEF is seeking a second extension of confidential classification for certain information contained in Staff's Audit workpapers pertaining to the Review of DEF's Data Accuracy in Electric Reliability Reporting, *Audit Control No. PA-15-01-003*, specifically pages 122, 178, 181, 186, and 188 submitted on July 15, 2015 (document no. 04418-15). There are no changes to the information contained in DEF's confidential Exhibit A, redacted Exhibit B, and justification matrix, Exhibit C. The referenced Exhibits are on file with the Clerk. DEF is requesting an extension of confidential classification of this information because it contains sensitive business information, the disclosure of which would impair the Company's efforts to protect internal business information.

5. Additionally, portions of the workpapers reflect DEF's internal audit processes and procedures for its reliability reporting. DEF must ensure that sensitive business information, such as personnel information and internal auditing processes and procedures, will be kept confidential. The disclosure of DEF's internal processes and procedures could adversely impact DEF's ability to control, audit, and evaluate reliability issues. DEF has kept confidential and has not publicly disclosed confidential information such as its procedures for measuring and evaluating the lifecycle of a reliability issue and employee personnel information unrelated to compensation, duties, responsibilities, or qualifications, the disclosure of which could impair the Company's efforts to protect its internal business interests.

6. Strict procedures are established and followed to maintain the confidentiality of the Company's internal policies and procedures, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

7. This concludes my affidavit.

Further affiant sayeth not.

Dated the 14 day of December, 2018.
