PSC Letter

R V Conoley

Fri 1/18/2019, 2:37 AM

To: Honorable Art Graham, Chairman; Florida Public Service Commission; 2540 Shumard Oak Blvd.; Tallahassee, Florida 32399

From: Rudolph E. Conoley, Jr.; 25 Rosedown Blvd.; DeBary, Fl. 32713

Date: January 17, 2019

Dear Chairman Graham:

I am a resident of the City of DeBary and my wife and I reside at the above address. I understand that Duke Energy must receive approval from the Florida PSC before they can begin construction on a large Solar Energy project in our area. The property line of my property is contiguous with Duke Energy's property line. Therefore, the value of my house and property will be impacted with the construction of the Duke Solar project.

Sadly, I have sought information from Duke Energy regarding this project and deeply regret to inform you that Duke has not been responsive to any reasonable degree. Therefore, I must request that the PSC withhold approval of any and all requests from Duke Energy until Duke Energy has fulfilled their moral responsibility and allowed homeowners the information that they request.

Additionally, I respectfully encourage you to read my website titled:

WWW.Sanitvandsense.com

You will find another article regarding Duke Energy that was a simple request to cut back trees and vines from their forest that were growing over my fence and hence my property. Duke Energy seems to believe that they are too important to work with law abiding residents who contact them with reasonable requests. Since individuals from over 158 countries around the world read this website, I project that I will sometime in the future publish an article about the outcome of this project on the website. I find it rather awe inspiring that individuals from around the world read this website, but about 70% of the readers are located in the Central Florida area.

Should you have any questions, my unlisted cell number is 386-473-9273.

Respectfully, R. E. "Van" Conoley, Jr.
