Dear Public Service Commission PSC,

As a Floridian age 65, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

Doesn't Gulf Power have insurance to help themselves with their problems? Please don't raise our bills. It gets hotter every summer and my power bill is already too much.

Thank you

Karen Young
