Dear Public Service Commission PSC,,

As a Floridian & an American, we are already coping with increases across the Board for all of life's necessities. An increase on our monthly power bill adds up for people that are lower middle income, as well as those on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

If anything, Gulf Power should take the loss out of the ridiculously massive profits they make.

Sincerely,

Mrs. Tamara Grimes
