Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Remember, the Bell System also had the infrastructure in place and felt they were secure. It would be too costly for a "start-up" to put that kind of structure in place. Ever heard of VOIP, wireless etc.?

Makes outside plant a liability, not an asset.

Do the right thing. In a way, we are shareholders also.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Otto Freund
