Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am currently the primary care giver to my Mother who lives with my Husband and I. We also have our Grandson living with us during his Transition from graduating, having a. Ew job and getting a place of his

own. I can surely tell you that we can use every tax cut we can get to Help ends meet. I hope that you will pass on the tax cut savings that you are getting to your customers like other companies have been.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. Kathy Lawless
