Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

A lot of Floridians, us included, are on a mostly fixed income and are constantly hit with higher taxes, medical, food and is not squandered but goes to these items and more.. Every dollar saved allows us to try to live out our lives without constant cutting back on necessary expenses.

Please make FPL tow the mark and return their tax relief like the other power companies.

Thank you,

William and Ann Mount

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. William Mount
