Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 60+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Last month I attended meeting in Murdock regarding your raising our taxes 7,7,5% over the next few years. And your minds were already made up before the meeting started. You said you would listen, but you didn't hear. Have of you up there were getting up and getting coffee,one man was snoozing. I am on a fixed income. You will soon be in our shoes. How will you feel then?

Docket # 20180046

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Vicki Wright-Olesen
