Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

My wife & I are in our 70's & on a fixed income. We feel it is very on fair & greedy of FP&L not to lower our utility rates with the tax savings they are benefiting. They advertise all the time how they are always working to lower our rates but now they refuse to pass along these savings to their customers as other utilities are doing.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.
We need lower rates, now!

Sincerely,

Mr. Leigh Hallberg
