Public Service Commission PSC, PSC,

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

As a senior citizen on a fixed income, every dollar counts. We could use the extra funds to pay for insulin, among other necessary health needs. The cost of this life preserving drug continues to rise dramatically in spit of the fact that diabetes is one of the fastest growing health issue in our country. The fact that you would withhold your windfall from your customers is inexcusable. Please us a different moral guideline.

Sincerely,

Dr. Mary Frances Crowley

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Dr. Mary Frances Crowley
