Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 64, I'm fed up that Florida Power & Light is getting a massive tax cut and is only passing those savings to shareholders. Customers across the U.S. have enjoyed lower bills as a result of corporate federal tax savings. I am a TECO customer but wholly sympathize with my fellow Floridians that are FPL customers.

American corporate greed is disgusting! Instead of just benefitting the executives, the board and the shareholders, the profits should also be extended to the rank and file employees and the customers!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Dr. Cathy Deptula
