Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

I am pleased to find this PSC for our state of Florida through AARP.

I contact you about the above issue equating to widespread theft allowed with the passing of the 2017 tax cut, put together hastily - like the stealing that it was.

As a Floridian of a mature age, with still kids young, still in Middle school I find it despicable that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Our State that has dramatic difference of incomes among residents, along with the higher costs of living (Housing) that we face in the Sunshine state.

We, like the customers across the U.S. should be relieved and actually enjoy looking at lower bills as a result of such a historic tax plan.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. Kathy Coopmans Coopmans
