Re: Commission Review of Numeric Conservation Goals (Tampa Electric Company)  
FPSC Docket No. 20190021-EG

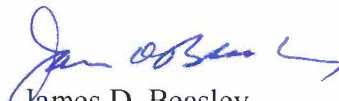

Dear Mr. Teitzman:

Tampa Electric submitted its DSM goals filing in the above proceeding on April 12, 2019. In reviewing the Commission's website posting of that filing we note that some extraneous material not included on Bates stamp pages 83 and 173 of the company April 12 filing is included on Bates stamp pages 83 and 173 on the Commission's website. Apparently something happened in the transmission of these pages to the Commission which caused the extraneous material to be included.

Attached for filing on behalf of Tampa Electric are Bates stamp pages 83 and 173 of the company's April 12 filing which exclude the extraneous material appearing on those pages on the Commission's website. We would appreciate your substituting the attached versions of Bates stamp pages 83 and 173 in place of those that appear on the Commission's website.

Thank you for your assistance in connection with this matter.

Sincerely,

  
James D. Beasley
