Subject: Hurricane Michael Relief

Good afternoon!

As a native of Bay County, I have never experienced the impacts that Hurricane Michael had on my community. We are a proud community and one that doesn't ask for help. In this case we must as our homes, businesses, schools, military installations and commercial entities have all been destroyed.

Our local governments are bleeding money and we need our State's assistance. Please be the one to step up and do the right thing to fund our numerous bills that have been filed.

Its not IF, its WHEN the next storm hits, this could be your home town.

I personally experienced the severe damages to my home and my childhood home that I still own. In addition, my place of work was destroyed and we are currently working out of a portable building, but we are making the best of what we have to work with.

Your attention to this issue will help us regain our once vibrant and robust economy.
