COMMISSION CLERK

Pursuant to Section 366.093, (F.S.), and Rule 25-22.006, Florida Administrative Code, Gulf Power Company (GPC) requests confidential classification of certain information filed in response to a staff production request in the above referenced docket, dated May 22, 2019. This recommendation specifically addresses GPC's Response to Staff's First Request for Production of Documents, Nos. 3 and 4.

The Company is claiming confidentiality of its responses to Staff's First Request for Production of Documents, Nos. 3 and 4, under Section under Section 366.093(3)(a), F.S., and Section 366.093(3)(e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to; Subsection (a) "[t]rade secrets," and Subsection (e) "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Staff has reviewed GPC's Responses to Staff's First Request for Production of Documents, Nos. 3 and 4, as well as the Company's confidentiality request. Information contained in Response Nos. 3 and 4 includes GPC's internal pricing forecasts for coal, natural gas, and emissions allowances. This data was developed by GPC, Southern Company Services, and 3rd party consultant, Charles Rivers Associates, via proprietary modeling methods. GPC claims public disclosure of this information would enable vendors of commodities and services to tailor their pricing proposals to the Company's projections, resulting in higher costs for the Company and its customers. In staff's opinion, the information that is the subject of GPC's request meets the criteria for confidentiality contained in 366.093(3)(e), FS.
