Docket No. 20170183-EI – Application for limited proceeding to approve 2017 second revised and restated settlement agreement, including certain rate adjustments, by Duke Energy Florida, LLC.

**Issue 1:** Should the Commission approve DEF’s Motion to Approve Reallocation of Electric Vehicle Charging Station Pilot Segments?

**Recommendation:** Yes, staff recommends the Commission approve DEF’s proposed reallocation of EVSE pilot segments. In the event DEF has fewer than 210 Multi-unit EVSE subscriptions by December 31, 2019, DEF should be required to supplement its 2019 annual data report to the Commission regarding its Electric Vehicle Charging Station Pilot Program to include any further reallocation of unsubscribed Multi-unit EVSE to other segments. Staff recommends DEF’s filing of its 2019 annual data report may be delayed, as necessary, until January 31, 2020 for this purpose.
