FLORIDA PUBLIC SERVICE COM. 1.
DIVISION OF APPEALS

TO: DIVISION OF APPEALS (BELLAK)

FROM: DIVISION OF RESEARCH AND REGULATORY REVIEW (HEWITT) *CBH* *1/10* *AND*

SUBJECT: STATEMENT OF ESTIMATED REGULATORY COSTS FOR DOCKET NO. 981103-EU, PROPOSED REVISIONS TO RULE 25-17.015, F.A.C., ENERGY CONSERVATION COST RECOVERY

Currently, Rule 25-17.015, F.A.C., Energy Conservation Cost Recovery, provides guidelines for energy conservation cost recovery (ECCR) proceedings. ECCR proceedings are conducted annually during the first quarter of each calendar year.

The proposed rule amendments would move the time for the annual proceedings to November of each calendar year, and would also change the 12-month historical period for the true-up filing from April 1 through March 31 to January 1 through December 31 each year. Although there would be some labor required with the initial restructuring of the filing periods, there should be a reduction in labor costs after the adjustment, because all components of each cost recovery clause can be determined on a calendar year basis.

The Administrative Procedures Act encourages an agency to prepare a Statement of Estimated Regulatory Costs (SERC). However, because there should be no significant additional costs from changing the dates of the ECCR proceedings and true-up period or negative impacts on utilities, small businesses, small cities, or small counties, a SERC will not be prepared for the proposed rule change.

Please keep my name on the CASR.
