COMPLAINT INFORMATION

Complaint: Other Complaint against Duke Energy Florida, LLC d/b/a Duke Energy
Details:

I am a long time customer of Duke Energy. My husband and I both work out of the state during the summer months. There was NO NOTIFICATION to us of a potential rate hike due to solar power. Just who do you think you are raising rates on customers already paying ridiculous amounts of money for electricity???? No meeting? No seeking of approval by the folks who actually have to PAY the bills? Did we ELECT to have solar power or is this just more of the tree hugging leftist environmentalist crap we have continually shoved down our throats because some pencil pushing geek decided it would be a cool thing to do?
