Re: Petition of Lakeside Waterworks, Inc. for Limited Alternative Rate Increase for water services in Lake County pursuant to Rule No. 25-30.457, Florida Administrative Code

Dear Commission Clerk,

Lakeside Waterworks, Inc. (Lakeside or Utility) hereby submits its application for a Limited Alternative Rate Increase for water services in Lake County pursuant to Rule No. 25-30.457, Florida Administrative Code (F.A.C.). At this time Lakeside is not requesting an increase in wastewater rates.

**In support of its petition thereof, Lakeside Waterworks states the following:**

Pursuant to Rule 25-30.457, F.A.C., as an alternative to a rate case, a Class C utility may petition the Commission for a limited alternative rate increase of up to 20 percent of service revenues. This rule was designed to streamline the rate increase process for qualifying small water or wastewater companies, by establishing an abbreviated procedure for a limited rate increase that is less time consuming and thus less costly for the utilities, customers, and Commission staff. This rule is similar to the rules governing price index and pass-through increases, in that an engineering or financial audit of the utility's books and records is not required.

The rule was adopted by the Commission on March 15, 2005. The Commission has previously approved such in the following Orders:

<u>Order No.</u>	<u>Issued</u>	<u>Utility</u>
PSC-06-0822-PAA-WU	October 6, 2006	Pincrest Ranches, Inc.
PSC-06-0444-PAA-WU	May 22, 2006	Brendenwood Water System, Inc.
PSC-2019-0141-PAA-WS	April 22, 2019	LP Waterworks, Inc.
PSC-2019-0142-PAA-WU	April 22, 2019	Lake Idlewild Utility Company
PSC-2019-0145-PAA-WS	April 23, 2019	Jumper Creek Utility Company

**Rule 25-30.457, F.A.C.**

Lakeside provides the following criteria for consideration:

- 1) Utility is eligible for staff assistance.
