Marty,

One more question was brought to my attention:

1. Can you please provide the in service date, or estimated future installation date for the following two proforma items?

No.	Item	In service
1	Reverse Osmosis Bldg Roof	TBD
3	Lift Station, Main Panel, Enclosure, Pump	

Thank you for your assistance,  
Jeff

Jeff,

Attached are the Utility's responses to your most recent questions. Let me know if you need any clarification.

I understand that staff intends to hold a customer meeting and I would request that it be scheduled as soon as possible since the Utility has been losing the golf course irrigation revenues for about 6 months already.

Thanks, Marty

**Attachments:** Aquarina - First Data Request Response\_Page 9.pdf

Marty,

In light of the change in circumstance reflected in Aquarina Community Services Association's letter, please provide the following information by December 6, 2019:

1. Please provide revised rates which reflect the golf course not receiving standby service.
2. Please provide the account number for each account that will no longer be receiving service.
3. Please provide the total number of accounts for each meter size.
4. Please see Aquarina's response to staff's First Data Request, page 9 (attached). Please list the account numbers associated with each customer group.
5. Please explain the relationship between ACSA and Aquarina Golf, Inc.

Please let me know if you have any questions.

Respectfully,  
Jeff

**Subject:** Aquarina Utilities LIMP

Charlie & Jeff,

In my routine docket review I notice a letter from the Aquarina Community Services Association. As you know the purpose of the limited proceeding was not to establish a standby charge for the golf course, but to address the loss of revenue due to the golf course terminating irrigation water service. If they do not want to use the Utility as a standby source of irrigation water then they don't have to enter into an agreement for standby irrigation water service. Apparently at this point the golf course does not want standby service so make sure in calculating the revenue requirement that no revenues are imputed for this tariff rate.

Let me know if anyone has any questions. Marty

15 November 2019

Mr. Jefferson Doehling  
Engineering Specialist  
Florida Public Service Commission

Tallahassee, FL 32399-0850

RE: Re: Docket No. 20190080-WS - Application for limited proceeding rate increase in Brevard County, by Aquarina Utilities, Inc.

Dear Mr. Doehling:

On behalf of Aquarina Utilities, Inc. ("Utility") the following are the responses to Staff's Informal Data Request dated November 14th, 2019.

1. Please provide revised rates which reflect the golf course no receiving standby service.

*The rates previously submitted did not reflect revenues from the standby service, thus no revision to rates is necessary.*

2. Please provide the account number for each account that will no longer be receiving service.

*1202*

3. Please provide the total number of accounts for each meter size.

*See below.*

4. Please see Aquarina's response to staff's First Data Request, page 9 (attached). Please list the account numbers associated with each customer group.

*See attached detail for the billing data 10 November 2019*

5. Please explain the relationship between ACSA and Aquarina Golf, Inc.

*Aquarina Community Services Association (ACSA) is the master home owner's association for the Aquarina Community. It owns and operates the community common*

*area, amenities, and the golf course. It is our understanding that Aquarina Golf, Inc. is a corporation formed by ACSA to manage the golf course.*

**Subject:** RE: Docket No. 20190080-WS (Aquarina Utilities, Inc.) – Information Request

Jeff,

There are no meter readings since 8/5/2019. The shut-off valve is under the Utility's control and so is the power. There is no way for the golf course to open the valve without coming into the plant grounds.

Marty

**Subject:** RE: Docket No. 20190080-WS (Aquarina Utilities, Inc.) – Information Request

Would it be possible to request a meter reading sometime this or next week?

Our understanding is that the meter is shutoff on the customer's side, so our concern is that the golf course could draw water without notifying the utility. Has Aquarina taken any meter readings after 08/05/2019? If so, could you please provide them along with the date taken.

Thank you for your help Marty!

**Subject:** Docket No. 20190080-WS (Aquarina Utilities, Inc.) – Information Request

Jeff,

1. Attached are the 2019 Invoices for the golf course account. Since the golf course requested that the irrigation account be closed no Invoices have been sent, so we have none to send.
2. The golf course irrigation account is paid, and the other potable accounts are current.

Let me know if you have any questions or need any further information. Marty

**Subject:** Docket No. 20190080-WS (Aquarina Utilities, Inc.) – Information Request

Good morning Marty,

We have a few more questions of Aquarina:

1. Could you please provide us with 12 months of water bills Aquarina has issued for the golf course turf account. What we are looking for are water bills that include meter readings for 3 months after and 9 months prior to the golf course discontinuing service on July 30.
2. Could you please provide an update on the golf course's account in rears? Does Aquarina plan to collect on the debt, or write it off as uncollectable?

Thank you for your assistance,

**Jefferson Doehling**
